[RECOGNITION]

Named as “One of Ten People to Watch” by *Chicago Now* in 2014.

Interviewed by SPI, Solar Power International, Solar Central 2013, for doing excellent work Putting Solar in Urban Areas.

[OVERVIEW]

A Clean Energy Executive, Innovator and Entrepreneur for VGI Energy Solutions (VGI) and VLV Development. Faustina A. Roman Co-Founded VGI as a strategic sustainability company to provide people and organizations with the tools and expertise they need to actively manage their social and environmental impacts. With over 25 years of executive leadership experience in sustainability, innovation, and entrepreneurship, she is recognized for her depth of knowledge and technical and strategic expertise. She works with policy makers, equipment manufacturers, utility companies, environmental groups, investors, and government agencies in support of clean energy solutions for climate security. Her specialties include clean energy, sustainable economic development, strategy, sales management and financial services.

[EXPERIENCE]

VGI Energy Solutions, Chicago, IL - San Diego, CA

Partner, VGI Energy

2009-Present

A clean energy development company, leading in deploying clean energy to curb climate change, while increasing economic and energy security. We believe the future of the climate is still in our hands and we are doing our part to mitigate climate change and positively impact public health.

VLV Development, Chicago, IL

VP Sustainability, VLV Development

2009-Present

VLV Development (VLV), parent company to VGI Energy with offices in Chicago and San Diego and a focus on urban communities. Specialized in helping businesses address the ways in which they operate day-to-day, helping them discover ways of decreasing their negative impact on the environment so they’re better positioned for the markets of the future.

Direct sustainability efforts in: renewable energy, energy efficiency, green design, and healthy homes construction for affordable housing portfolio. Support the growth and expansion of VLV Development to include leading major initiatives such as the Office of Affordable Housing Preservation Green Retrofit Program, a government stimulus-related package. Responsible for strategy and planning, external affairs, human resources and internal audit

Management Consultant, VLV Development

2007-2008

Responsible for VLV’s strategic planning and alignment, overall quality, productivity improvement, and relationship development amongst clients, prospects, reporters and strategic partners. Actively involved in the decision-making, development, and review of all property operations, from early planning stages through financing, design, construction, lease-up and management.
